PLANNING

PD401**TOWN PLANNING AND DEVELOPMENT ACT 1928**

ADVERTISEMENT OF APPROVED TOWN PLANNING SCHEME AMENDMENT

SHIRE OF HARVEY

TOWN PLANNING SCHEME No. 1—AMENDMENT No. 17

Ref: 853/6/12/18, Pt 17.

It is hereby notified for public information, in accordance with Section 7 of the Town Planning and Development Act 1928 that the Acting Hon Minister for Planning approved the Shire of Harvey Town Planning Scheme Amendment on 13 January 1999 for the purpose of—

1. Rezoning portion of Lot 21 being portion of Wellington Location 1 Cathedral Avenue, Leschenault from 'Special Rural—Landscape Protection' zone, 'Place of Landscape Value' and 'Recreation' reserve to 'Special Residential' zone and 'Recreation' reserve; and

2. Rezoning portion of Lot 24 being portion of Wellington Location 22 Cathedral Avenue, Leschenault from 'Special Rural—Landscape Protection' zone and 'Place of Landscape Value' to 'Recreation' reserve and 'Place of Landscape Value' as depicted on the amending map adopted by the Council of the Shire of Harvey.

3. Including portion of Lot 21 being portion of Wellington Location 1 Cathedral Avenue, Leschenault in Schedule 3 to the Scheme Text 'Additional Requirements—Special Residential Zone', under Clause 3.10 Area 9—Cathedral Avenue, Leschenault.

4. The following is added to Schedule 3—Additional Requirements—Special Residential Zone of the Scheme Text—

3.10 AREA 9—CATHEDRAL AVENUE, LESCHENAULT

3.10.1 Subdivision shall generally be in accordance with the Structure Plan (Plan No. 94-93-06) dated October 1998, 1998, attached to the Scheme Amendment Report (Amendment No. 17).

3.10.2 Table 1—Zoning and Development Table has defined Building Envelopes by setting the following minimum setbacks—

- 20 metres from front boundaries;
- 20 metres from rear boundaries; and
- 5 metres from side boundaries.

3.10.3 Notwithstanding the setbacks established by Table 1—Zoning and Development Table, the following additional criteria shall apply in establishing Building Envelopes—

- a minimum of 20 metres setback from the southern boundary of Lot 21;
- setback from Old Coast Road is to be as determined on the Structure Plan;
- in selecting a building envelope, account is to be taken of the location of effluent disposal systems so that it will meet Health Department of Western Australia requirements; and
- within the Building Envelope a maximum area of 2000m² shall be identified and cleared for development.

3.10.4 Council may request at the subdivision stage that building envelopes are established for all proposed lots on a copy of the Diagram of Survey, to Council's satisfaction.

3.10.5 All buildings and on-site effluent disposal systems shall be constructed within the Building Envelope as defined by Clauses 3.10.2, 3.10.3 and 3.10.4.

3.10.6 Where for the purpose of retaining natural flora, sound environmental reasons or the physical constraints of a site dictate, Council may set an alternative building envelope.

3.10.7 New development on all lots shall be serviced by 'alternative on-site effluent treatment and disposal systems' together with amended soils to the specification and satisfaction of the Health Department of Western Australia.

3.10.8 Council may request at the subdivision stage the subdivider to undertake the preparation and implementation of a Landscape Development Plan for those areas of the site which are denuded of native vegetation, to the specification and satisfaction of Council. Such revegetation is to be strategically located along boundaries, the recreation reserve and the Old Coast Road frontage bearing in mind the need to maintain view corridors and assist with noise attenuation.

3.10.9 The developer is required to maintain the revegetated areas and to replace diseased or dead plants for a period of two years.

3.10.10 A well licence must be obtained from the Water and Rivers Commission prior to the construction of a well or bore to draw ground water.

3.10.11 All development shall be constructed of non-reflective building materials which are in harmony with the rural landscape character of the area as determined by Council.

3.10.12 Where lots are denuded of native vegetation the Council may require revegetation in accordance with Section 6.2.7 of the Scheme consistent with the Landscape Plan requirements of Clause 3.10.8.

3.10.13 Prospective purchasers of lots abutting Old Coast Road should be aware that there is a potential for traffic noise to be generated from Old Coast Road.

5. Including portion of Lot 21 being portion of Wellington Location 1 and portion of Lot 24 being portion of Wellington Location 22 Cathedral Avenue, Leschenault in Schedule 4 to the Scheme Text, 'Additional Requirements—Special Rural Zone' under Clause 4.4, 'Area 4—Cathedral Avenue, Leschenault'.

6. The following is added to Schedule 4—Additional Requirements—Special Rural Zone of the Scheme Text under Clause 4.4—Cathedral Avenue, Leschenault.

SUBDIVISION OF LOTS 21 & 24

Subdivision and Development Criteria—

- (a) Subdivision shall generally be in accordance with the Structure Plan (Plan No. 94-93-06) dated October 1998, attached to the Scheme Amendment Report (Amendment No. 17).
- (b) The following criteria and setbacks shall apply in establishing Building Envelopes—
 - (i) a minimum 200 metre setback from Cathedral Avenue and no development is permitted within the Waterways Protection Precinct, whichever is greater;

- (ii) the setback from Old Coast Road is to be as determined on the Structure Plan;
 - (iii) a minimum of 30 metres from other roads;
 - (iv) a minimum of 20 metres from the rear and side boundaries;
 - (v) in selecting a building envelope, account is to be taken of the location of effluent disposal systems so that it will meet Health Department of Western Australia requirements;
 - (vi) notwithstanding points (i) and (iv) the setback from Cathedral Avenue for the land outside Waterways Protection Precinct, may be decreased to no less than 100 metres, in keeping with Clause 8.1 of the Scheme;
 - (vii) building envelopes are to be a maximum of 5000 square metres; and
 - (viii) all building envelopes are to be located outside the 500 metre off-site industrial buffer area established for the abattoir works on Lot 26 Rosamel Road, Parkfield.
- (c) Council may request at the subdivision stage that building envelopes are established for all proposed lots on a copy of the Diagram of Survey, to Council's satisfaction.
 - (d) All buildings and on-site effluent disposal systems shall be constructed within the Building Envelope as defined by Clause (b) and (c) above.
 - (e) Where for the purpose of retaining natural flora, sound environmental reasons or the physical constraints of a site dictate, Council may set an alternative building envelope.
 - (f) New development on all lots shall be serviced by 'alternative on-site effluent treatment and disposal systems' together with amended soils to the specification and satisfaction of the Health Department of Western Australia.
 - (g) Council may request, at the subdivision stage, that the subdivider undertake the preparation and implementation of a Landscape Development Plan for those private and public areas, which are denuded of native vegetation, to the specification and satisfaction of Council. Such revegetation to be strategically located along the Old Coast Road and Cathedral Avenue frontages, the Waterways Protection Precinct, within the recreation reserve (but consistent with the Rosamel Swamp Management Plan recommendations) and along boundaries, bearing in mind the need to maintain view corridors and assist in noise attenuation.
 - (h) The developer is required to maintain the revegetated areas and to replace any diseased or dead plants for a period of two years.
 - (i) The Waterways Protection Precinct shall be rehabilitated for its environmental values. The revegetation of this area is to be maintained by the individual landowners of the proposed lots through a binding agreement.
 - (j) On each lot denuded of natural vegetation by previous agricultural clearing, Council may require on each lot as a condition of building approval, the planting and maintenance of 100 native trees capable of growing to at least three metres in height. The planting shall be concentrated around the proposed buildings and between the street alignment and the building setback line.
 - (k) A well licence must be obtained from the Water and Rivers Commission prior to the construction of a well or bore to draw ground water.
 - (l) Fencing within the area shall retain the rural character of the area and the use of fibro cement sheeting, metal sheeting, masonry walls or wooden pickets as boundary fencing is prohibited.
 - (m) The owner or subdivider of the land shall inform prospective purchasers of land in this area of those provisions relating to the land and such other provisions of the Scheme that may affect it.
 - (n) All development shall be constructed of non-reflective building materials which are in harmony with the rural landscape character of the area as determined by Council.
 - (o) Council and the Department of Environmental Protection may request, at the subdivision stage, that the subdivider undertake the preparation and implementation of a Management Plan for Rosamel Swamp and surrounds, which will need to include a 50 metre conservation buffer and appropriate fencing to the satisfaction of the Environmental Protection Authority.
 - (p) Prospective purchasers of lots abutting Old Coast Road should be aware that there is a potential for traffic noise to be generated from Old Coast Road.
 - (q) Prospective purchasers of lots affected by the 500 metre off-site industrial buffer established for the abattoir located on Lot 26 Rosamel Road, Parkfield are advised that there is a potential for land within this buffer to be affected by the abattoir operations, primarily by odours, and that no residential or other sensitive uses will be permitted within this buffer area.

underground water supply and pollution control. The subdivider shall inform all prospective purchasers in writing of the Water and Rivers Commission requirements mentioned in (c) and (d) below.

(c) A well licence must be obtained prior to construction of a well or bore to draw groundwater. Groundwater may be drawn from each of the lots to supplement household water supply and to supply water for irrigated development of an area of not more than 1000m². The maximum amount of groundwater permitted to be drawn shall be 1500 cubic metres annually.

(d) Activities carried out on this land shall not contravene the Water and Rivers Commission By-laws applicable to underground water pollution control.

14. To assist in reducing nutrient export, minimising land erosion potential and to provide screening between buildings and the future Perth-Bunbury Highway, Council shall adopt a Landscape Planting Programme for the subject land, and will require affected landowners to implement requirements pertaining to their land under the adopted Landscaping Planting Programme to the satisfaction of the Council.

15. No dwelling shall be approved by Council unless it is connected to an alternative domestic waste water treatment system with an adequate phosphorous retention capacity, as approved by the Health Department of Western Australia, and with the base of the system or modified irrigation area being 500mm above the highest known water table to the satisfaction of the Council.

16. With the intention of preventing overstocking or other practices detrimental to the amenity of the zone, the breeding or keeping of animals shall not be permitted without the approval in writing of Council. In considering any applications for breeding or keeping of stock, Council will be guided by advice from Agriculture Western Australia. Notwithstanding the above, in cases where stocking approval has been given but where environmental problems develop, Council, after consultation with the Agriculture Western Australia, may take appropriate action to ban or reduce the stocking of animals. Individual landowners shall be responsible for organising and meeting all costs associated with obtaining advice from Agriculture Western Australia where the keeping of any stock is proposed.

17. Prior to the sale of any subdivided lots the subdivider shall make arrangements satisfactory to Council to ensure that prospective purchasers of the lots created are advised of those provisions of the Shire of Murray Town Planning Scheme No. 4 which relate to the use and management of land.

18. Firebreaks shall be established and maintained to the specifications and satisfaction of the Council, and strategic firebreaks shall be provided in accordance with the requirements of the Bush Fires Board.

19. A foreshore reserve shall be provided in accordance with the approved Subdivision Guide Plan. The reserve shall be at least 50 metres from the furthest extent of the wetland vegetation.

20. Prior to endorsement of the Plan or Diagram of Survey for the subdivision by the Western Australian Planning Commission, a Foreshore Management Plan shall be prepared by the subdivider for the Wolyanup Lake foreshore reserve to the requirements of the Peel Inlet Management Authority, on advice from the Water and Rivers Commission and the Department of Conservation and Land Management.

The Foreshore Management Plan shall provide details on the following—

WATER AGENCIES (POWERS) ACT 1984

Manjimup Treated Wastewater Disposal Scheme

NOTICE OF AUTHORISATION TO CONSTRUCT A PRESSURE PIPELINE, IRRIGATED WOODLOT AND STORAGE DAM

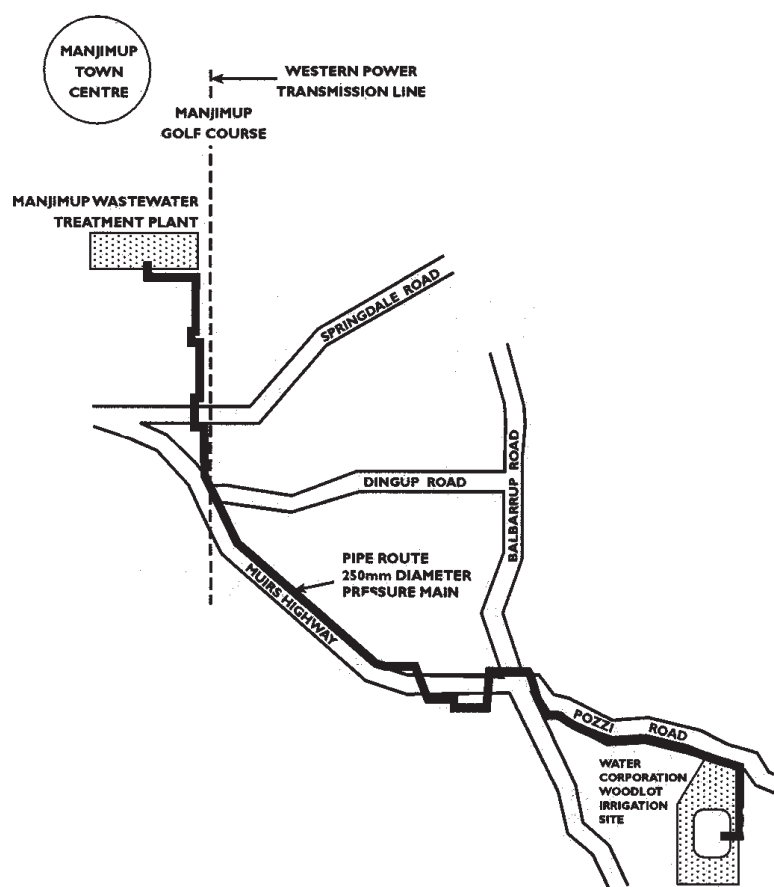

In accordance with the provisions of the Water Agencies (Power) Act 1984, the Minister for Water Resources has authorised the Water Corporation to construct the following works—

- A 250mm diameter underground pipeline approximately nine kilometres in length with at least 600mm cover, valves at all low and high points along the route; and generally located 3m from existing fencelines, 2.5m from Telstra lines and 20m from the electrical transmission line.
- A 335 ML clay lined storage dam at the woodlot site.
- A trickle irrigated bluegum plantation of approximately 50 ha at the woodlot site.

The location of the pipeline is from Manjimup Wastewater Treatment Plant to Lot 1672 Pozzi Road, Manjimup. The location of the storage dam and plantation is at Lots 1672, 444, 1671(part) and 4358 (part), Pozzi Road, Manjimup.

The work will provide a best practice environmentally acceptable method for the use of the community's wastewater.

For further information on this essential wastewater project please telephone Steve Baker, Project Manager, during normal office hours on (08) 9420 2163.

New Publication - Now Available!

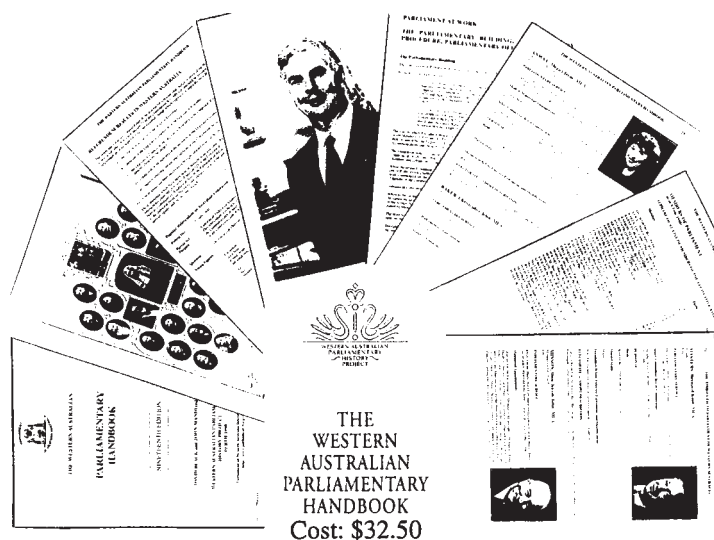

The Western Australian Parliamentary Handbook 1998

This volume has been available through 19 editions for over three-quarters of a century and the effective reworking of its contents and presentation which was achieved in the centenary edition has now been greatly enhanced by the addition of a number of "user friendly" aspects. Use of colour coding and the addition of a comprehensive index make the information much more accessible than in the past.

Clear and logical presentation of information which covers not only biographical details of current Members and Officers of Parliament, but also a comprehensive historical record presented chronologically of Members of the Legislative Assembly from 1832 until the present day helps us all.

In addition to that general information, there are a number of small but extremely useful sections which deal with questions often asked about the Parliament, such as the youngest and oldest members ever to occupy various offices, statistics relating to women members of the Western Australian Parliament, slightly quirky information related to Members of Parliament who have been close relations, as well as concise and valuable information relating to changes of total membership and new membership following general elections and information on referendums

This volume is recommended as an invaluable reference tool for schools, researchers, private business organisations, government departments and authorities and local community libraries.
