(a) Part 1, item 2 (b), 7 (a) or (b);
(b) Part 3, item 6 (b), 8 (a) or (g); or
(c) Part 4,

for each water service provided to property held by that body or organization, with the exception of services which are provided exclusively for fire fighting purposes and charged as such, and used for commercial (other than community-related or charitable) purposes, the body or organization shall instead pay the appropriate charge set out in Schedule 7.

By-law 8BA amended

6. By-law 8BA of the principal by-laws is amended by inserting after sub-by-law (2) the following sub-bylaws —

“(3) Where a body —

(a) holds non-commercial Government property that is provided with a water supply by the Authority; and
(b) supplies through a meter any of the water provided to it by the Authority —

(i) to one or more lessees of any of that property; or
(ii) to a ship in port,

the annual charge payable by the body shall be, instead of the charge that would otherwise apply under item 1 of Schedule 7, that charge less the charge that would apply under that item for a meter of the size that would be required to supply, in aggregate, water as described in paragraph (b).

(4) Sub-bylaw (3) does not apply where the meter required by the body holding the non-commercial Government property for its water supply would be the same size whether or not it supplied water as described in sub-bylaw (3) (b).”
By-law 15 amended

7. By-law 15 of the principal by-laws is amended by deleting “or UV, the GRV or UV for the purposes of assessing that charge shall be the gross rental value or unimproved value, respectively,” and substituting the following —

(iii) property held by a Government trading organisation or non-commercial Government property, for which a charge is provided in Schedule 7.”

“Metropolitan non-residential property water supply charges

20A. (1) In this Division —

“formula” means the formula set out in Schedule 1, Division 1, Part 2, item 1;

“metropolitan non-residential property” does not include vacant land.

(2) Subject to sub-bylaws (5), (7) and (8) and by-law 20B, and notwithstanding any other provision of these by-laws, the minimum charge payable for the 1994/95 year for the provision of water supply to metropolitan non-residential property shall be —

(a) the charge calculated in accordance with the formula, with the variable “A” being the base charge payable in respect of the provision of that water supply to that property in the 1993/94 year; or
(b) the meter-based minimum charge to be paid in respect of the provision of that water supply in the 1994/95 year to that property, as set out in Schedule 1, Division 1, Part 2, item 1 (a), whichever is the higher amount.

(3) Notwithstanding any other provision of these by-laws, where the charge calculated as payable for the 1994/95 year for the provision of water supply to a metropolitan non-residential property exceeds the proposed minimum charge for that sized meter for the year 1997/8 as set out in Schedule 1, Division 1, Part 2, item 1, the amount by which that charge exceeds the proposed 1997/8 minimum shall be reduced by 22.5%, as shown in the formula.

(4) Where land classified as metropolitan non-residential for the whole or part of the 1994/95 year was not so classified for the whole of the 1993/94 year, the Authority shall estimate notional charges for the 1993/94 year, being charges that would have been payable for that year if —

(a) the land had been classified as metropolitan non-residential; and

(b) the matters and circumstances currently prevailing had prevailed,

for the whole of the 1993/94 year, and those notional charges estimated under this sub-bylaw shall be regarded as the base charge payable in the 1993/94 year for the purposes of variable "A" of the formula.
