**CONSERVATION AND LAND MANAGEMENT ACT 1984**  
**PROPOSED COMMERCIAL TOURISM OPERATIONS, CERTAIN PARKS AND**  
**RESERVES OF THE KIMBERLEY**  
Compatible Operations Notice

Department of Environment and Conservation.

The Department of Environment and Conservation (DEC) invites public submissions on the proposal to conduct commercial tourism operations in the following parks and reserves of the Kimberley—

- Mirima National Park
- Brooking Springs Conservation Park
- Tunnel Creek National Park
- Windjana Gorge National Park
- Geikie Gorge National Park

Commercial tourism operations include activities such as bushwalking, 4 wheel drive safari tours, camping, accommodation and aerial tours by both helicopters and fixed wing aircraft.

As management plans do not exist for these parks, the *Conservation and Land Management Act 1984* [Section 33 (3)] requires the Department to notify the public of intentions to conduct ‘compatible operations’ (meaning operations compatible with the purpose of a national or conservation park) and seek public comment on those operations.

All commercial activities and facilities on DEC managed lands are licensed or operated under a lease issued by the Department following consultation with Park Councils and the vesting body (either the Conservation Commission of Western Australia or the Marine Parks and Reserves Authority) and approval by the Minister for the Environment.

For further information and details on how to make a submission please contact Rod Quartermain of DEC on (08) 9334 0562, or download the “Guidelines for Submissions” from: <http://www.naturebase.net/haveyoursay>

The closing date for submissions is 4pm (WST) on Tuesday 3 October 2006.
