- (c) which accommodates a turning area for a heavy duty fire vehicle; and
- (d) which complies with the provisions of a Local Government adopted Fire Management Plan (FMP) or Town Planning Scheme (TPS) clause with respect to that property and the effect is such that the requirement under the FMP or TPS stipulates a greater area clear of flammable material or low fuel zone than required under part (b) above.

### **Mineral Earth**

A mineral earth firebreak refers to the area being completely clear of everything but soil (bare earth)—can generally be achieved by ploughing or grading or early spraying that allows sufficient time for decomposition of dead grass/vegetation.

The engagement of a contractor is an agreement between the landowner and the contractor. Therefore it is for the landowner to consider whether a contractor is suitable or otherwise; and to check that the contractor has appropriate insurances in place applicable to the nature of the works they perform.

Firebreak Inspections and Penalties

Fire Prevention—Protect the people and properties in your neighbourhood.

Firebreaks prevent fire from spreading; allow entry for fire fighting vehicles and provide a break from which back burning (when authorised) can take place to control a fire. Firebreaks can also provide protection and an escape route for fire fighters.

#### Key Dates

15 September 2013—Deadline for applying (in writing) for exemptions.

- 5 October 2013—All fire prevention measures must be completed and then maintained until 1 May 2014 (or within 14 days of becoming the owner or occupier, should this be after that date).
- 6 October 2013—Fire prevention work inspections carried out by Rangers—Infringements for non-compliance will be issued from this date.
- 1 May 2014—End of firebreaks and fire prevention maintenance period.

Exemptions will only be considered if presented in writing by 15 September 2013. If it is considered for any reason to be impractical to clear firebreaks as required by this notice, or if you consider natural features render firebreaks unnecessary, you may make your case in writing to the City of Greater Geraldton.

Penalties apply to persons who fail to comply with the requirements of the City of Greater Geraldton Firebreak Notice. This could be an infringement notice or prosecution. Where the owner fails to comply with the requirements of this notice, the City may engage a contractor to carry out the required work at the cost to the owner or occupier. If contractors cannot attend to your work prior to the 5 October deadline; to avoid prosecution you must provide evidence that you made a booking with them prior to 5 October. The infringement penalty for failure to maintain a firebreak (fire prevention work) as per firebreak order is \$250.
