ADVERTISEMENT OF APPROVED TOWN PLANNING SCHEME AMENDMENT

SHIRE OF SERPENTINE-JARRAHDALÉ

TOWN PLANNING SCHEME NO 2—AMENDMENT NO 58

Ref: 853/2/29/3 Pt 58

It is hereby notified for public information, in accordance with Section 7 of the Town Planning and Development Act, 1928 (as amended) that the Hon Minister for Planning approved the Shire of Serpentine-Jarrahdale Town Planning Scheme Amendment on 19 September 1998 for the purpose of amending the Scheme Text by:

1. Adding after 'Conservation Zone' in sub-clause 3.1.1 the following additional zone "Agriculture Protection Zone"
2. Adding after Clause 5.14.6 'Conservation Zone' the following clause:

5.15 AGRICULTURE PROTECTION ZONE

5.15.1 The intent of the Agriculture Protection zone is to:

- (i) protect existing and potential agricultural production areas from inappropriate subdivision and land use;
- (ii) identify land that should have a level of agricultural protection over and above that which is provided for in the Rural zone. Such land should include land identified as good quality in the Land Capability Assessment for Annual and Perennial Horticulture and Grazing mapping, prepared by Agriculture Western Australia; and
- (iii) acknowledge the policy provisions of the Shire of Serpentine-Jarrahdale Rural Strategy (April 1994 as amended) pertaining to the Agriculture Protection Policy Area.

5.15.2 The objectives for the Agriculture Protection Zone are:

- (a) to ensure that productive agricultural enterprises remain the primary land use and to maintain the integrity of agricultural infrastructure; and
- (b) to support and protect agricultural and horticultural industries through:
 - reduced pressure for fragmentation of land to other land uses;
 - resource security for agricultural enterprise;
 - maintenance of relative land values and rates levied.

5.15.3 Council will adopt proactive and co-operative approaches with landowners in this Zone to address environmental, catchment, and land degradation problems so that land and environmental values are maintained and rehabilitated.

5.15.4 Before including land within the Agriculture Protection Zone Council may require the owners of the land to prepare a submission in support of its inclusion and any submission shall include those matters set down in sub-clause 5.9.3 of this Scheme.

5.15.5 A description of the land included in the Agriculture Protection Zone together with the uses permitted and any special provisions relating to the land are set out in Appendix 4E. Such uses will generally be in accordance with the recommended landuses for the Agricultural Protection Policy Area of the Rural Strategy subject to land capability and suitability considerations.

Land uses selected will be on the basis that they will not conflict with, or they will contribute to protecting the viability of the agricultural use.

5.15.6 In addition to the provisions contained in Appendix 4E and other such provisions of the Scheme as may affect it any land which is included in the Agriculture Protection Zone shall be subject to the following conditions:

- (a) Council will only support subdivision of land in the zone provided the lots are no less than 60 hectares in area, unless it can be established that the lot proposed is suitable for and can sustain horticultural pursuits.

Where it can be established through an evaluation of soil and landform, water supply, clearing controls, climate and servicing that the land is suitable for horticultural pursuits, Council may support a reduction in lot size to no less than 40 hectares.

- (b) The relevant guidelines contained within the Council's Planning Guidelines for Nutrient Management dated May 1994 (as amended) shall apply to the use and development of land.

5.15.7 The incentives for these agriculture protection measures will be a reduction in the general rural rate which shall be set at 50% unless otherwise amended by Council.

3. Adding a new Appendix 4E as follows:

APPENDIX 4E AGRICULTURE PROTECTION ZONE

Provisions relating to Specified Areas

4. Adding to the list of Zones in Table 1 AGRICULTURE PROTECTION ZONE and inserting in the columns of Use Classes under Zones the words "see Appendix 4E".

5. Adding to the notation to the Scheme Map by including the following notation under the heading Zones—
Agriculture Protection Zone—light green fill, red border and a red letter
“AP”. □
6. Inserting after “Hotel” a definition of “Horticultural Pursuit” in appendix 1 which reads:
“horticultural pursuit”—means the use of land for any purpose set out hereunder and the use of buildings normally associated therewith:
- (a) The growing of grapes, vegetables, fruit, cereals or food crops;
 - (b) The growing of vines, trees, plants, shrubs or flowers for replanting;
 - (c) The sale of produce grown solely on the lot or on any adjoining or nearby lot forming part of the same landholding used for horticultural pursuits.
