This order may be cited as the *Conservation and Land Management (Revocation of State Forest) Order (No. 1) 2008*.

2. Background to this order

(1) Under section 9(2) of the Act, a proposal dated 11 November 2003 that, among other things, an area of about 62.23 hectares be revoked from State Forest No. 7 was laid before both Houses of Parliament. Main Roads WA requested this revocation to enable the widening of part of Great Eastern Highway between Sawyers Valley and the Lakes Turn-off.

(2) Resolutions that the proposal referred to in subclause (1) be carried out were passed by the Legislative Assembly on 3 December 2003 and by the Legislative Council on 1 April 2004.

(3) Following the receipt of survey plans, a total area of 56.2841 hectares, comprising Lots 190, 191, 15470 and 29722 on Deposited Plans 41307 and 41308, was revoked from State Forest No. 7 by order published in the *Government Gazette* of 23 April 2004.

(4) It is now necessary to revoke a small area which should have been part of the revocation referred to in subclause (3). The area involved is also required in connection with the widening of Great Eastern Highway. It was surveyed in 2004 but the relevant deposited plan was not received at that time.

(5) The land referred to in subclause (4) is described in Schedule 1.

3. Portion of State Forest No. 7 revoked

The land described in Schedule 1 is declared to be no longer State forest.

Schedule 1—Land no longer State Forest No. 7

All that portion of land situated about 2 kilometres south of Chidlow being Lot 29723 as surveyed and shown on Deposited Plan 41310.

APPLICATION DETAILS

Central to any application made is the program of work proposed for each of the years of the six year term. Applications are to be made in accordance with Section 31 of the *Petroleum and Geothermal Energy Resources Act 1967*. Consideration of an application for the grant of a Permit shall take into account work programs relative to the whole of the area applied for, the adequacy of the work program, and the applicant's technical and financial ability to undertake the work. Permits are awarded on the understanding that the first two years work commitment will be fulfilled without variation.

Where there is more than one applicant to the application, the percentage participating interests of each party to the application are to be supplied including evidence that a satisfactory settlement has been, or can be, reached on a Joint Operating Agreement (copy of a Heads of Agreement dealing will generally suffice).

Applicants should also make themselves aware of the existence of any areas of which have the potential to restrict exploration activities e.g., National Parks, Nature Reserves, Marine Parks, World Heritage Areas, Conservation Reserves, Defence Areas and Mining Titles.

Insofar as Reserved Land is concerned, entry for exploration purposes is subject to approval by the Minister. In this regard, it should be noted that Government policy, at least, is such that petroleum extraction from within National Parks, Nature Reserves and access to Conservation Estates should not be presumed.

Any applications over the above onshore areas may be subject to the provisions of the Commonwealth *Native Title Act 1993* and applicants should be prepared to negotiate with Native Title parties pursuant to the right to negotiate provisions of the NTA.

Applicants should also be aware that onshore areas available for petroleum application are subject (at least in part) to Native Title claims. Plans showing these claim boundaries are available as part of the release package.

An information package on the release areas detailing the criteria for assessment of applications and the conditions to apply following the award of a permit, and including a plan of the release areas and an application proforma, is available on CD-ROM. Copies of the CD-ROM can be obtained from the Petroleum and Royalties Division, Department of Industry and Resources by contacting the Petroleum Applications Receiving Officer on (08) 9222 3106.

LODGEMENT OF APPLICATIONS

Applications, together with supporting data should be submitted in the following manner and accompanied by fee of \$3,900.00 (non-refundable) payable to the Department of Industry and Resources through an Australian Bank or by Australian bank cheque, should be enclosed in the envelope or package and addressed to—
