REGISTERED NATIVE TITLE PARTIES:

WC96/85

NATURE OF ACT: The compulsory taking of the land to undertake the public work specified in the Schedule.

COMMENCEMENT OF ACT: The taking of the land is subject to the procedural requirements of section 17(2) of the *Land Acquisition and Public Works Act* and section 23(6) of the *Native Title Act*.

The taking of the land will proceed if upon the completion of the procedures provided by section 17(2) of the *Land Acquisition and Public Works Act* the Minister for Works decides to proceed.

Persons having or claiming an interest in any of the land may under section 17(2) of the *Land Acquisition and Public Works Act* lodge an objection in writing to the proposed taking with the Department of Land Administration, PO Box 2222, Midland, no later than 28 April 1997. Objections road and road widenings and substantial fence relocation to the corridor boundary occurred prior to 1 January 1994. However construction is less than the width of land to be taken. Following the taking of the land it is intended to dedicate the full width of road and road widening as identified enabling future use for those purposes and associated uses.

KIND OF DISTURBANCE TO LAND: Disturbance of the land may be caused in excess of the construction undertaken to date by the use of or construction of improvements on the land for road and road widening and associated purposes.

Enquiries relating to the proposed taking of the land may be directed to the Native Title Unit, Department of Land Administration, PO Box 2222, Midland 6056 (telephone (09) 273 7089 or (09) 273 7217).

Dated this 12th day of February.

DOUG SHAVE, MLA, Minister for Lands.

ADVERTISEMENT OF APPROVED TOWN PLANNING SCHEME AMENDMENT

Shire of Murray

Town Planning Scheme No. 4—Amendment No. 85

Ref: 853/6/16/7, Pt. 85.

It is hereby notified for public information, in accordance with Section 7 of the Town Planning and Development Act, 1928 that the Hon Minister for Planning approved the Shire of Murray Town Planning Scheme Amendment on February 10, 1997 for the purpose of—

1. Rezoning portion of Lot 217 Hougham Road Barragup, from "Rural Zone" to "Special Rural Zone", "Public Recreation/Conservation", "Public Purposes—Fire Fighting Facility" in accordance with the Scheme Amendment Map.
2. Inserting within the Scheme Text at the end of "Schedule 4 Special Rural Zone" the following—

"Column (A) Specified Land

Portion of Lot 217 Hougham Road, Barragup.

Column (B) Special Provisions Relating to (A)

1. The subdivision of portion of Lot 217 Hougham Road, Barragup, shall be in accordance with the approved Subdivision Guide Plan or any variation to that plan approved by the Western Australian Planning Commission.
2. Each lot should be not less than 2 hectares in area and shall contain a building envelope the area of which shall not exceed 2,000m².
3. In order to conserve the landscape, trees and other indigenous vegetation shall not be felled or cleared without the prior written approval of the Council except where required for the erection of a single house, outbuildings, effluent disposal system, access ways, fences and firebreaks.
4. Within the building envelope, an area of not more than 1,000m² may be cleared of vegetation to allow for the construction of single house and outbuildings.
5. Buildings shall not be constructed within 20 metres of any boundary.

6. The floor level of all buildings shall be not less than 2 metres above the highest known groundwater level as determined by Council at the time of application for a building licence to construct a single house.
7. (a) The following uses are permitted ("P")—
 - Single House
 - Outbuilding
 - Public Utility
- (b) The following uses may be permitted at the discretion of the Council ("AA")—
 - Home Occupation
 - Keeping of livestock for non-commercial purposes
 - Stables
- (c) All other uses are not permitted ("X").
8. Land uses, other than a Single House, that are permitted or may be permitted by the Council pursuant to the Scheme shall only be permitted when Council is satisfied, following consultation with the Department of Environmental Protection that the land use does not involve excessive nutrient application or the clearing of the land.
9. All fencing shall be of open post and rail or post and wire construction and shall be maintained to the satisfaction of the Council.
10. Fences shall be erected to protect trees and other vegetation from damage by grazing livestock where required.
11. Each dwelling shall be provided with a supply of potable water from a roof catchment of an area of not less than 120m² in project plan area connected to a storage tank with a minimum capacity of 92,000 litres.
12. The drainage system shall not be altered without the prior approval of the Council in writing. In considering any proposal to obstruct or dam any part of the drainage system the Council shall have regard to the effect on the drainage system and the impact on the land and the environment in general, and shall consult with any appropriate authority prior to granting approval.
13. Stormwater drainage shall be contained on-site to the satisfaction of the Council. The subdivided shall obtain the approval of the Council for drainage proposals prior to commencement of site works.
14. Water Supply Provisions—
 - (a) The subdivider shall make arrangements satisfactory to the Council for prospective purchasers to be advised that a reticulated water supply cannot be provided by the Water and Rivers Commission.
 - (b) The land is subject to the provisions of the Water and Rivers Commission's By-laws applicable to underground water supply and pollution control. The subdivider shall inform all prospective purchasers in writing of the Water and Rivers Commission's requirements mentioned in (c) and (d) below.
 - (c) A well licence must be obtained prior to construction of a well or bore to draw groundwater. Groundwater may be drawn from each of the lots to supplement household water supply and to supply water for irrigated development of an area of not more than 1,000m². The maximum amount of groundwater permitted to be drawn shall be 1,500 cubic metres annually.
 - (d) Activities carried out on this land shall not contravene the Water and River Commission's By-laws applicable to underground water pollution control.
15. No dwelling shall be approved by Council unless it is connected to an alternative domestic waste water treatment system, as approved by the Health Department of Western Australia, with an adequate phosphorous retention capacity; and with the base of the system or modified irrigation area being above the highest known water table.
16. The keeping or agistment of livestock shall be limited to a dry sheep equivalent per lot in accordance with the type, number of livestock and pasture as recommended by Agriculture W.A. Individual landowners shall be responsible for organising and meeting all costs associated with obtaining advice from Agriculture W.A. where the keeping of any stock is proposed. Notwithstanding the foregoing, Council may require the stocking rates to be reduced where, in the opinion of Agriculture W.A, they are excessive or tell land is subjected to significant additional nutrient application.
17. Prior to the sale of any subdivided lots the subdivider shall make arrangements satisfactory to Council to ensure that prospective purchasers of the lots created are advised of those provisions of the Shire of Murray Town Planning Scheme No. 4 which relates to the use and management of the land.
18. Firebreaks shall be established and maintained to the specifications and satisfaction of the Council.
19. A fuel free zone clear of all flammable material/vegetation is required around all buildings.
20. To assist in reducing nutrient discharge, minimising land erosion potential and to improve visual amenity, the subdivider shall be required to implement a landscape planting programme to the satisfaction of the Shire of Murray in consultation with the Agriculture W.A.

“

Sequence in which vessels are to berth at Port to be at Harbour Master's absolute discretion

38A. (1) Subject to regulation 59, and without limiting regulation 38 (1), the sequence in which vessels are to berth at the Port is to be determined at the Harbour Master's absolute discretion.

(2) Without limiting subregulation (1), the Harbour Master may direct a vessel (“the priority vessel”) to berth at the Port before another vessel, or other vessels, that arrived at the Port before the priority vessel arrived.

(3) When determining the sequence in which vessels are to berth at the Port, the Harbour Master is not required to consult with the master of any vessel that may be affected by the determination or with any person who may be so affected.

(3) The Port Authority is exempt from liability for any delay in the delivery of goods caused by a determination made by the Harbour Master under this regulation.

**Twelfth Report
1995**

Competition Policy

In January 1996 the Standing Committee on Uniform Legislation and Intergovernmental Agreements reported on the implications for State law of the controversial Hilmer reforms, and said it would be unacceptable if the privatisation of former government business agencies left customers worse off.

This report is now available. The report calls for a comprehensive set of consumer safeguards to be introduced to privatised and corporatised governments agencies providing basic services to customers.
