25. If the amendment has been carried, the question as amended shall itself become the question before the Council, whereupon any further amendment upon such question may be moved.

26. If an amendment, whether upon an original question or amended as aforesaid, has been negatived, then a further amendment may be moved to the question to which such firstmentioned amendment was moved, and so on until there are no further amendments, and the question is then decided by the final vote in the affirmative or in the negative; provided that no more than one motion and one proposed amendment thereof shall be before the Council at any one time.
