RAILWAYS (ACCESS) ACT 1998 RAILWAYS (ACCESS) CODE 2000

Determinations of the 2009 Weighted Average Cost of Capital for the Freight, Urban and the Pilbara Infrastructure's Rail Networks

The *Railways (Access) Code 2000* requires the Authority to make an annual determination, as at 30 June, of the WACC to be applied when calculating the floor and ceiling costs for each of the rail networks covered under Schedule 1 of the Code.

The Code does not require public consultation except for the WACC determination as at 30 June in 2003 and every fifth year thereafter. However, as The Pilbara Infrastructure's railway is a new railway which was included in the access code on 1 July 2008, the Authority decided to undertake a public consultation process in determining the WACC for this railway.

The Authority has determined the 2009 real pre-tax WACC for the above rail networks as follows—

- 8.63 per cent for the freight rail network.
- 5.99 per cent for the urban rail network.
- 11.09 per cent for The Pilbara Infrastructure's rail network.

The 2009 WACC applies for the period 1 July 2009 to 30 June 2010.

The determinations are available on the Authority's web site.
