Auditors Report

1. The financial statements of the Shire of Bruce Rock are prepared on the basis of historical cost. In preparing its balance sheet it is not the policy of the Council to:
   (a) charge depreciation to write off the cost of each fixed asset over its estimated useful life; and
   (b) recognize all liabilities which exist at balance date.

2. The policy at (b) complies with the requirements of the Local Government Act and the Accounting Directions, although it is not in accordance with generally accepted accounting standards.

3. The policy at (b) does not comply with the Local Government Act which requires an annual statement showing the assets and liabilities of the Council, nor does it comply with generally accepted accounting standards.

4. Council has spent approximately $1 900 for which no budget item was raised in the 1985-86 Budget. Such expenditure is unauthorised expenditure in accordance with the Local Government Act.

5. I have, with the assistance of my staff, audited the books of the Shire of Bruce Rock for the year ended 30 June 1986. In my opinion, the financial statements, comprising schedules 1 to 5, 7 to 20 and 22 to 25 are in agreement with the books and records of the Council, and subject to my comments in paragraphs 3 to 4 are prepared on the basis consistent with the Local Government Act and the Accounting Directions.
