PART 2—Development.

2.1—Except as hereinafter provided no development including a material change in the use of land shall be carried out without the prior consent of the Council.

2.2 Applications for approval to commence development pursuant to Clause 2.1 shall be in prescribed form (Appendix A) and shall be accompanied by such plans and/or other explanatory material as the Council may require to gain a complete understanding of the proposal concerned, shall fully describe the extent and nature of any proposed use and shall fully show the siting, design and external appearance of any new or altered building and the treatment of any open portions of the site.

2.3 In considering any such application the Council shall have regard to the provisions of this Scheme and to the orderly and proper planning of land within the Scheme Area and may take into account any observations or recommendations of interested parties or authorities with which it may confer, and with which it is hereby authorised to confer.

The Council may refuse to grant its approval to any such application, giving its reasons or it may grant its approval with or without such conditions as it deems fit.

2.4 The Council shall convey its decision on any such application in prescribed form (Appendix B) within 60 days of the date upon which it was received at the Council's offices unless the Council shall have first obtained the applicant's approval in writing for an extension of that period. In the event that a decision has not been made within that period or extended period, the application shall be deemed to have been refused.

2.5 Any applicant who is aggrieved by the decision made or deemed to have been made by Council exercising any of the discretionary powers available to it under this Scheme may appeal in accordance with Part V of the Act.

2.6 Failure to comply with the conditions imposed by the Council in the grant of its approval to a development application or failure to carry out the development in strict accordance with the plans approved by Council in respect of a particular proposal shall constitute a contravention of the Scheme for the purposes of section 10 of the Act and the Council may:

(a) by written notice served on the owner of the land require the development to be carried out in accordance with the approved plans or conditions of approval within the period specified in the notice failing which the Council may enter the land and carry out the work itself and recover any expenses so incurred from the owner, or occupier of the land as a civil debt;
(b) prosecute the owner or occupier of the land as the case may be pursuant to section 10 of the Act;
(c) revoke the approval so granted and require the removal of the development carried out as set out in section 10 of the Act.
2.7 The following classes of development may be undertaken without the approval of the Council and is referred to as permitted development:

(a) The construction, widening, repair, maintenance or other works within a gazetted road reserve or similar works within any right of way or pedestrian accessway,

(b) The replacement, maintenance or repair by a Government Agency or Statutory undertaking of any equipment necessary to maintain a public service.

(c) The maintenance and repair of any building provided that no works of a structural nature are undertaken and no material change in the external appearance of the building is involved.

(d) The change of use of land or buildings from one use to another use within the same zone provided that the new use is one which is a permitted use under this Scheme and shown "P" on Table 1 in Part 4.

2.8 A material change in the use of land or buildings is for the purposes of this Scheme any change of use other than those classed as permitted development in the foregoing Clause 2.7 (d).

(b) Except as otherwise provided in this Part a person shall not carry out any development on land reserved under this Scheme, other than the erection of a boundary fence, without first applying for and obtaining the written approval of the Council, in accordance with the provisions of Part 2.

(c) In giving its approval the Council shall have regard to the ultimate purposes intended for the reserve and shall in the case of land reserved for the purpose of a public authority confer with that authority before giving its approval.

(d) No provision of this Part shall prevent the continued use of land for the use for which it was being lawfully used immediately prior to the Scheme having the force of law, or the repair and maintenance, for which prior consent in writing of the Council has been obtained, of buildings or works lawfully existing on the land.

3.3 (a) Where a Council refuses approval for the development of land reserved under the Scheme on the ground that the land is reserved for public purposes, or grants approval subject to conditions that are unacceptable to the applicant, claim compensation for such injurious affection.

(b) Claims for such compensation shall be lodged at the office of the Council not later than six calendar months after the date of the decision of the Council refusing approval or granting it subject to conditions that are unacceptable to the applicant.

(c) In lieu of paying compensation the Council may purchase the land affected by such decision of the Council at a price not exceeding the value of the land at the time of refusal of approval or of the grant of approval subject to conditions that are unacceptable to the applicant.

4.3 The symbols used in the cross reference in Table No. 1 appended to this clause have the following meanings:

"P"—A use that is permitted under this Scheme.

"AA"—A use which the Council, exercising the discretionary power available to it, may approve under this Scheme.

"SA"—A use that is not permitted unless the approval of the Council is granted in respect of such use provided, however, such approval may not be granted by the Council until—

(b) after the Council has considered all objections to the granting of such approval received by the Council within 21 days of the publication of the advertisement herein referred to.

"IP"—A use that is not permitted unless incidental to the predominant use as decided and approved by the Council.

"X"—A use that is not permitted.

4.4 Any use not included in the Zoning Table—Use Class shall be deemed to be a use not permitted under this Scheme unless the Council shall decide that the particular use concerned can be included into one of the specified use classes.

4.5 Special Sites: Notwithstanding the provisions of the Table No. 1 the uses which may be permitted in a Special Site shall be primarily those specified in Table No. 1 but may also include the uses specified in the following schedule.

PART 5—General Provisions.

5.1 Development within the Scheme area shall conform to the standards set out in the following Table 2, and where no standard is so prescribed, shall be carried out in accordance with the requirements Council may specify in each particular case.

5.2 Notwithstanding the provisions of the foregoing Clause the Council may in very exceptional circumstances, vary the standards set out in the following Table 2 by a proportion not exceeding 10% of the dimensions, ratios or areas specified.

5.3 For the purposes of Table 2 the following terms are defined:

"Effective Frontage" means the width of any lot so measured at the front setback line parallel with the street alignment or as may be determined by Council in the case of irregularly shaped lots.

"Landscaping" means an area set aside primarily for the beautification of a site by the growing of trees, shrubs or other plants with other associated works. The landscaping as may be required pursuant to this Scheme shall be provided at the time of development prior, if appropriate, to the occupation of a building and thereafter maintained to the satisfaction of the Council.

"Car Parking" means an area of land or building or parts thereof specifically set aside for the parking of wheeled vehicles and treated and subsequently maintained in a manner satisfactory to Council for that purpose.
A car parking space shall be, unless otherwise determined by Council, 5.5 m long, 2.5 m wide and having a manouvring space sufficient to provide for the manipulation of an average car into and out from that parking space independently of the movement of another vehicle.

5.4 Front Setbacks: In instances where a site has more than one street frontage the Council may determine which shall be regarded as the front for the purpose of the setbacks prescribed in Table 2 and may permit the observance of setbacks of one half of those specified in respect of the other street frontages.

PART 6—Non-conforming Use of Land.

6.1 No provision of the Scheme shall prevent—
(a) the continued use of any land or building for the purpose for which it was being lawfully used at the time of the coming into force of the Scheme; or
(b) the carrying out of any development thereon for which, immediately prior to that time, a permit or permits required under the Town Planning and Development Act 1928 (as amended), and any other law authorising the development to be carried out have been duly obtained and was current.
6.3 Change of Non-conforming Use: The Council may permit the use of any land to be changed from one non-conforming use to another non-conforming use, provided the proposed use is, in the opinion of the Council, less detrimental to the amenity of the neighbourhood, than the existing use, or is in the opinion of the Council, closer to the intended uses of the zone.

6.4 Discontinuance of Non-conforming Use:

(a) Notwithstanding the preceding provisions of this Part, except where a change of non-conforming use has been permitted by the Council under Clause 6.3, when a non-conforming use of land or building has been discontinued, such land or building shall not thereafter be used other than in conformity with the provisions of the Scheme.

(b) The Council may effect the discontinuance of a non-conforming use, by the purchase of the affected property, or by the payment of compensation to the owner or the occupier or to both the owner and the occupier of that property, and may enter into an agreement with the owner for that purpose.

PART 7—Finance and Administration.

7.1 Acquisition and Disposal of Land: The Council may acquire land within the Scheme Area with a view to furthering the objectives of the Scheme.

The Council may deal with or dispose of any land which it owns or which it has acquired pursuant to the provisions of the Scheme, in accordance with the Act and in conformity with the provisions of the Scheme, and for such purpose may make such agreements with other owners as it deems fit.

7.2 Compensation: Claims for compensation by reason of the Scheme other than for the purpose of Part 3 shall be made not later than six months from the date on which notice of approval of the Scheme is published in the Government Gazette, except in the case of reserved land where the provisions of Part 3 shall apply.

7.3 Entry to Premises: The Council may, by an Authorized Officer, enter at all reasonable times any building or land for the purpose of ascertaining whether the provisions of the Scheme are being observed.

7.4 Penalties: Any person who fails to comply with any of the provisions of the Scheme is guilty of an offence and without prejudice to any other remedy given herein is liable to such penalties as are prescribed by the Act.

7.5 Enforcement of Provisions:

(a) If any person contravenes or fails or neglects to comply with any of the provisions of the Scheme, the Council may by notice in the manner set out in Clause 7.6 hereof, order such person to discontinue forthwith any such contravention, and within thirty clear days after the service of such notice to remove, pull down, take up, alter or otherwise make good any work which contravenes the Scheme, or carry into effect any provisions of the Scheme which are not being complied with and at the same time it may pursuant to sub-section 1 of section 10 of the Act advise such person that in the event of a failure to comply with the provisions thereof in the time limited for compliance then the Council by its agents will enter such person's property and cause to be done such works and things as shall be specified in such notice.

(b) Any expense incurred by the Council in doing any works pursuant to any default under paragraph (a) hereof may be recovered from the person in default by action for a civil debt recoverable summarily in any court having jurisdiction in respect of the amount involved.

7.6 Notices. Any notice under Clause 7.5 hereof:—

(a) shall be addressed to the owner, occupier or lessee of the land in question;

(b) shall describe in general terms the manner in which the Scheme has been contravened; and

(c) shall require the owner, occupier or lessee as the case may be, within 30 clear days after the service of such notice, to discontinue such contravention of the Scheme and take such action as the Council may direct to cause a compliance with the provisions of the Scheme; and

(d) shall where necessary advise the person to whom it is addressed that in default of his compliance with such notice the Council will enter such land and carry out the requirements of such notice itself at the expense of such person.

(e) Any notice required to be made or given hereunder may be served personally or by prepaid letter addressed to the person to be served at his address as shown in the rate book of the Council if he shall be a ratepayer or at his last known address (whether he is a ratepayer or not) and such notice shall be deemed to be served in due course of post.

7.7 Notices: Any notice under Clause 7.7 hereof shall:

(a) be addressed to the owner, occupier or lessee of the land in question.

(b) Describe the nature of works to be undertaken to achieve the standard of appearance required.

(c) Require the owner, occupier, or lessee of the land within such period as the notice may specify, being not less than 30 days after the service of such notice, to carry out the works specified in the matter.

7.8 Default Clause: Failure to comply with a notice served pursuant to Clause 7.8 shall constitute a contravention of the Scheme and the Council may take the action specified in the notice and reclaim the cost as a civil debt or may take other remedial action as provided for in the Act.
