Deepening Operations in Entrance Channel.

39/16.

Masters of vessels and all others interested are hereby notified that drilling and blasting operations in connection with the deepening of Fremantle Inner Harbour and Entrance Channel are now in progress. In connection with these operations two stockless anchors are laid in the Entrance Channel, at about midchannel, to form East and West moorings of a drilling punt and blasting stage. When entering or leaving the harbour, Masters are to sound their whistles when approaching the Channel, and to pass the drilling punt and stage on the Northern side of midchannel to avoid fouling the mooring chains. The chains will be slacked down wherever possible upon a vessel sounding her approach.

Dated at Fremantle, this 16th day of February, 1916.

(Sgd.) C. J. Irving,
Harbour Master.

F. Stevens,
Secretary, Fremantle Harbour Trust.
