”.

#### **9. Regulation 9 replaced and regulations 9A and 9B inserted**

Regulation 9 is repealed and the following regulations are inserted instead —

“

#### **9. Application to vary certificate of approval**

- (1) Where a certificate of approval has been issued in relation to —
  - (a) a public building, a person may apply to the local government that issued the certificate to vary the purposes for which the public building may be used;
  - (b) a public building other than licensed premises, a person may apply to the local government that issued the certificate to vary the maximum number of persons that the public building may be used to accommodate.
- (2) An application under subregulation (1) —
  - (a) shall be made in the form of Form 3 in Schedule 2;
  - (b) shall be accompanied by the fee calculated in accordance with Schedule 1.
- (3) Where a certificate of approval has been issued in relation to large licensed premises (including premises referred to in regulation 7A(2)), a person may apply to

the local government that issued the certificate to use a measurement unit of 0.85m<sup>2</sup> per person to increase the maximum number of persons that the licensed premises, or a specified part of the licensed premises, may be used to accommodate.

- (4) An application under subregulation (3) shall be made in the form of Form 3 in Schedule 2 and be accompanied by —
- (a) a risk management plan that has been developed in accordance with AS/NZS 4360;
  - (b) details of the type of number counting system —
    - (i) that is or is intended to be installed to monitor the number of persons entering and leaving the licensed premises or the specified part of the licensed premises; and
    - (ii) that has been approved by the Executive Director, Public Health;
  - (c) such other information as is required by the local government for the purposes of the application; and
  - (d) the fee calculated in accordance with Schedule 1.

**9A. Variation of certificate of approval**

- (1) On an application under regulation 9 a local government may vary the certificate of approval issued in relation to the public building that is the subject of the application in accordance with the application.
- (2) Notwithstanding anything in subregulation (1), a certificate of approval shall not be varied —
- (a) if a structural alteration or extension of the public building that is the subject of the application is proposed; or
  - (b) for the accommodation of any number of persons that exceeds the number permitted under the Building Regulations with respect to sanitary facilities, exits and ventilation.
- (3) A local government may —
- (a) impose such conditions as it thinks proper in relation to a variation of a certificate of approval; and
  - (b) vary or revoke a condition imposed under paragraph (a) by written notice served on the occupier of the public building.

**9B. Requirements for large licensed premises using an approved measurement unit**

- (1) This regulation applies to large licensed premises or a specified part of large licensed premises the certificate of approval in relation to which has been varied under regulation 9A so that a measurement unit of  $0.85\text{m}^2$  per person is used to calculate the maximum number of persons that the licensed premises, or a specified part of the licensed premises, may be used to accommodate.
- (2) The occupier of the licensed premises shall ensure that any number counting system that is approved on the application referred to in regulation 9(3) is properly installed and properly operating at the licensed premises or in the specified part of the licensed premises at all times when the premises are open to the public.
- (3) The occupier of the licensed premises shall ensure that each movable item, other than chairs, in the licensed premises or the specified part of the licensed premises —
  - (a) is assigned a Person Equivalent Number (“PEN”) where each PEN equates to  $0.7\text{m}^2$  of floor area; and
  - (b) has its PEN clearly visible, legible and permanently marked on it so that it can be readily identified for the purposes of calculating the number of persons being accommodated in the licensed premises or the specified part of the licensed premises.
- (4) If subregulation (3) has not been complied with, an authorised person may assign a PEN under subregulation (3)(a) for the purposes of any inspection by the authorised officer under section 179 of the Act.
- (5) The maximum number of persons that the licensed premises or the specified part of the licensed premises may be used to accommodate on each occasion that the premises or part of the premises is open for business shall be shown on the certificate of approval in relation to the licensed premises or the specified part of the licensed premises in accordance with the following:
  - the number of persons allowed under the  $0.85\text{m}^2$  measurement unit minus the number of PENs for each occasion on which the licensed premises or the specified part of the licensed premises is open for business, rounded up or down to the nearest whole number.

## SHIRE OF DERBY/WEST KIMBERLEY

## FIRE BREAK NOTICE

Pursuant to the powers contained in Section 33 of the Bush Fires Act 1954, all owners or occupiers of land within the Shire of Derby/West Kimberley are hereby required, on or before 30<sup>th</sup> June 2002 and thereafter up to and including 31<sup>st</sup> December 2002 to have fire breaks or fire control measures installed in accordance with the following—

1. **Rural lands** being all land outside townsites and not being land held under pastoral lease, fire breaks are required to be—

(a) A bare mineral earth fire break not less than four metres wide of a trafficable condition inside, along and within three metres of the external boundaries of the land, free of all overhanging vegetation to a height of four metres.

OR;

(b) A low fuel break of not less than four metres wide of a trafficable condition with vegetation not exceeding seventy five millimetres in height inside, along and within three metres of the external boundaries of the land, free of all overhanging vegetation to a height of four metres.

AND:

- (c) A bare mineral earth fire break of not less than four metres wide of a trafficable condition and within three metres of the perimeter of all buildings and/or haystacks or groups of buildings, free of all overhanging vegetation to a height of four metres.

OR;

- (d) A low fuel break of not less than ten metres wide with vegetation not exceeding seventy five millimetres in height completely surrounding and within three metres of the perimeter of all buildings and/or haystacks or groups of buildings.

For the purposes of this requirement live standing trees and non-flammable, maintained lawns and gardens are deemed to comply.

2. **Pastoral lands** being all land outside townsites held under pastoral lease, low fuel breaks are required to be not less than twenty five metres wide, totally surrounding and within three metres of the perimeter of all buildings and/or haystacks or groups of buildings.

3. **Townsite Lands—**

- 1(a) Where the area of the land is 2023 square metres or less, all inflammable material from the whole of the land is required to be removed, with any stubble left not exceeding seventy-five millimeters in height.

- 1(b) Where the area of the land is greater than 2023 square metres a bare mineral earth fire break of not less than three metres in width of a trafficable condition, inside, along and within two metres of the external boundaries of the land, free of all overhanging vegetation to a height of four metres.

OR;

- 1(c) A low fuel break of not less than three metres wide of a trafficable condition with vegetation not exceeding seventy five millimeters in height inside, along and within three metres of the external boundaries of the land, free of all overhanging vegetation to a height of four metres.

AND:

- 2(a) A bare mineral earth fire break of not less than three meter's wide of a trafficable condition and within three meter's of the perimeter of all buildings and/or haystacks or groups of buildings, free of all overhanging vegetation to a height of four metres.

OR;

- 2(b) A low fuel break of not less than ten metres wide with vegetation not exceeding seventy five millimetres in height completely surrounding and within three metres of the perimeter of all buildings and/or haystacks or groups of buildings.

For the purposes of this requirement live standing trees and non-flammable, maintained lawns and gardens are deemed to comply.

OR;

- 2(c) All inflammable material from the whole of the land is required to be removed, with any stubble left not exceeding seventy-five millimeters in height.

4. **Rubbish Sites** being all rubbish sites for pastoral stations, Townsite and community use. Fire breaks are required to be of bare mineral earth in a trafficable condition not less than four metres wide and within five metres of the perimeter of the rubbish sites.

5. **Fuel dumps and depots—**remove all inflammable material where fuel drum ramps or dumps are located, and where fuel drums, whether containing fuel or not are stored to a distance of at least ten metres outside the perimeter of any drum, ramp or stack of drums.

6. The acts referred to in sections 1 to 5 hereof must be performed to the satisfaction of the duly authorized officer of the Shire of Derby/West Kimberley.

**If it is considered impracticable for any reason to clear firebreaks or to remove inflammable material from the land as required by this notice, you may apply to this Council or it's duly authorized officer no later than 21<sup>st</sup> June 2002 for permission to provide fire breaks in alternative positions or to take alternative action to abate fire hazards on the land. If permission is not given in writing you must comply with this notice.**

8. The penalty for failing to comply with this notice is a fine of up to \$1000.00 or a prescribed modified penalty of \$100.00 on service of an infringement notice, and an owner or occupier is also liable, whether prosecuted or not, to pay the cost to Council of its employees or contractors performing the work.

Councils authorized officer has legal right of entry to any property with any machinery or personnel deemed necessary in order to complete the work, under section 33(4)(b) of the Bush Fires Act 1954.

By Order of the Council,

JONATHAN THROSSELL, Chief Executive Officer.
