APPLICATIONS FOR AREAS—W07-1 TO W07-21

Applications for the award of a permit over areas W07-1 to W07-21 are required to be made in the approved manner, submitted in duplicate and should be accompanied by—

1.1 Details of—

1.1.1 Technical Assessment

The applicant's technical assessment of the petroleum potential of the area, including the concepts underlying its proposed exploration work program, with sufficient detail to support that program

1.1.2 Minimum Guaranteed Work Program

The applicant's minimum guaranteed proposal (including indicative minimum expenditure) for exploration wells to be drilled, 3D and 2D seismic and other surveying activities, data evaluation and other work, for each year of the first three years of the permit term. This proposal, to be known as the minimum guaranteed work program, should comprise work expected to involve a substantial exploration component—normally, appraisal work should not be included

1.1.3 Secondary Work program

The applicant's proposal (including indicative minimum expenditure) for exploration wells to be drilled, 3D and 2D seismic and other surveying activities, data evaluation and other work, for each of the three remaining years of the permit term. This proposal, to be known as the secondary work program, should comprise work expected to involve a substantial exploration component—normally, appraisal work should not be included.

NOTE: Applicants should note it is mandatory that the minimum work program proposed in each year of the exploration permit is stated precisely to avoid any ambiguity. Proposals for work programs that cannot be guaranteed to be undertaken within the first 3 years of the permit must not be included.

1.2 Particulars of the applicant—

1.2.1 the technical qualifications of the applicant and of its key employees

1.2.2 the technical advice available to the applicant

1.2.3 the financial resources available to the applicant, including evidence of the applicant's ability to fund the work program proposed, a statement of other exploration commitments over the next 6 years, and a copy of the latest annual and quarterly reports for each applicant company

1.2.4 where relevant, the viability of the consortium lodging the application, including evidence that a satisfactory settlement has been, or can be, reached on the Joint Operating Agreement (a copy of a signed Heads of Agreement dealing will generally suffice), and

1.2.5 the percentage participating interest of each party to the application.

1.3 Other Information

Such other information as the applicant wishes to be taken into account in consideration of the application. Where an applicant has previously had an exploration permit cancelled such information might include why the applicant believes the prior failure is irrelevant to the current application.

1.4 Fee

Each application must be accompanied by a fee of \$A4040, payable to the Commonwealth of Australia through an Australian bank or bank cheque.

An information package on the release areas detailing the work program bidding system outlined above and including the criteria for assessment of applications and the conditions to apply following the award of a permit, is available on the Department of Industry, Tourism and Resources Website at www.industry.gov.au/petexp, or on CD-ROM. Copies of the CD-ROM can be obtained through the Department of Industry, Tourism and Resources by e-mailing petroleum.exploration@industry.gov.au.

Obtaining and observing the release package is essential to making an informed application for any of the areas.

The Government will also publish on-line data about Australia's petroleum exploration opportunities. This spatial data gives key hydrocarbon well information (about hydrocarbon shows, biostratigraphic age, porosity and depositional environment) and will be released on the Geoscience Australia internet site at www.ga.gov.au free of charge.

It should be noted that any income derived in the future from the recovery of petroleum from these areas will be subject to the Commonwealth Government's Resources Rent Tax.
